

deaf culture

Nov 6th 2pm room 206, Uni Centre, Ottawa U

Deaf Culture describes the social beliefs, behaviors, art, literary traditions, history, and values of deaf people who use a Sign Language. This workshop is a basic introduction to Deaf Culture, Audism and non-verbal communication. Its aim is to ease newcomers into a visual mode of thinking that is the foundation of Sign Languages so that participants can better understand Audism and the dynamics of being an ally.
